

Protokoll öffentliche Insitutsversammlung des MIUB vom 17.10.2012

Anwesende:

Bott, Andreas (Versammlungsleiter)
Mühlbauer, Kai (Protokoll)
Kelbch, Alexander
Bach, Lilo
Hartung, Kerstin
Pscheidt, Ieda
Willms, David
Wosnitza, Christoph
Bick, Theresa
Krebsbach, Katharina
Renkl, Christoph
Düsterhus, André
Thoma, Benno
Stockhausen, Benedikt
Marami, Mohammed
Rahmani, Elham
Masbou, Matthieu
Kollet, Stefan
Hense, Andreas
Romanova, Vanya
Bierchen, Lotte
Simon, Thorsten
Hallas, Lucia
Kapala, Alice
Debus, Anne
Rustemeier, Elke
Kreinberg, Sonja
Stadtler, Scarlet
Kern, Melanie
Weijenborg, Chris
Muhammad, Kaleem
Frank, Chrsitopher
Danek, Christopher
Küll, Volker
Schneider, Werner
Übel, Markus
Zerenner, Tanja
Stolzenberger, Sophie
Figura, Clarissa
Heinzelmann, Stefan
Simmer, Clemens
Lennefer, Martin

Beginn: 10.15 Uhr Hörsaal
Ende: 11.10 Uhr

Begrüßung durch Herrn Bott
meeting language will be english, because of one non-german speaking participant

TOP1: Institute Informations

reconstruction of ladies toilet at institutes ground floor

Prof. Bott reports about the toilets reconstruction.

Beginning: 18.10.2012

Duration: Several Weeks

Aim: Creation of Toilet Facility for handicapped people

Prof. Hense applied for the entrance ramp and the toilet several years ago. The existing doors are too narrow for entering with wheelchairs. Due to this, after reconstruction only one toilet will be available, sharing ladies toilet and toilet for handicapped people.

homeless person in basement yard

A homeless person is reported to shelter for the night at the institutes basement yard. Mr. Bott states that we should stay a bit relaxed about that, unless the person is disturbing anybody. So everybody should be careful closing doors etc. Prof. Simmer believes that the institutes basement yard was used in the past as a night-shelter.

loss of key for institute entrance

The third time a key for the institute entrance doors was lost (stolen in this case). The present locking system doesn't allow for an exchange any more, an exchange of the whole locking system would be too expensive. So it was decided to install electronic locks with transponders for opening and closing. Institute Administration wanted to exchange all locks in the institute, but university won't pay for that. So a step-by-step process was chosen.

First the 4 entrance doors will be equipped with electronic locks. In further steps, all other locks will be exchanged with their electronic successors.

A deposit will be charged for the transponder. Unfortunately the system isn't compatible with the system in Meckenheimer Allee 176. It will need 4 to 6 weeks until the locks are replaced.

Christmas Party

Will take place at the institute on thursday, 20th of december, at 1600

TOP2: Re-Accreditation

Prof. Hense in german (because of the officialese):

Re-Akkreditierung findet in gesamter MatNatFak statt.

Die verwaltungstechnische Abwicklung wird in Clustern erledigt. MIUB ist zusammen mit Mathematik/Physik.

Die Re-Akkreditierung wird Uni-weit vom Insitut ACQUIN vorgenommen.

Alle Studiengänge erstellen ihren Selbstbericht unter Anlage von Vorgaben. Von der Fachschaft ist Clarissa Figura in den Prozess eingebunden. Bei beiden aktuellen Studiengängen (Bachelor/Master) werden evtl. Änderungen bis Sommer 2013 vorbehalten/eingearbeitet (z.B.

Prüfungsordnungen, Globalprüfungsmodul für Masterstudiengang, Entfall Orientierungsseminar)

Es folgt eine kurze Diskussion über Globalprüfungsmodul und die Bewertungsanteile der Masterarbeit. Auf Nachfrage wird bestätigt, dass keine gemeinsame Re-Akkreditierung mit Köln stattfindet.

TOP3: Computer-Facilities

Mr. Heinzelmann reports about some technical issues with the cluma cluster:

Cluma offline times will be circulated via email. Cluma2 unavailable in first week of november. Clustore will then be accessible from Cluma1 and Cluma2.

Data01 (model calculations) space will be expanded from 20TB to 60TB. For copying, upgrading disk array and storing back the data Data01 will be offline for 5 to 7 days (offline time is coordinated by Keller&Ohlwein).

New Colorlaser needed for the first floor. new BW-Laser needed for ground floor. SHK-room still unequipped with PC and furniture. Will be equipped when needed. From March 2013 on it will be needed for the bachelors.

TOP4: Student Excursion 2013

Co-Ordinator Werner Schneider presented a possible schedule for the excursion (also circulated via email)

29th of september 2013 to 4th of october 2013

17 persons (including Bott and Schneider), 15 places left (order: 1st Master, 2nd Bachelor, 3rd PhD)

Visits of meteorological institutes and firms in southern Germany, Austria and Switzerland are planned. Further suggestions for possible visits are much appreciated.

TOP5: AOB (any other business)

Prof. Simmer announced a measurement excursion „clouds & precip“ 2013, which will take place in the region around Jülich. It will be prepared as an extended practical training (Praktikum).

MIUB Fachschaft announced „Ersti-Kaffee“ for thursday, 18th of october, 4PM

11:10 Prof. Bott closes the meeting.
